

Quincy

Cuvée Sucellus 2014

Country	France
Region	Centre-Loire
Grape variety	Sauvignon blanc
Alcohol	13 % / Vol
Residual sugar	1.00 g/l
Total acidity	4 g/l H2SO4.

Vineyard: We practice a reasoned viticulture, certified Terra Vitis : planting grass between the rows in order to control the vigour of the plant, limitation of the number of bunches, soil tillage. Thanks to this work, Jean hasn't used any products for grey mould over the last three years.

Terroir:

- *Gatebourse*: old vines on sandy clayey terraces.
- *Chaumoux*: 40 years old vines. Clayey gravel settled on marly shell limestone.
- *Nouzats*: 20 and 60 years old vines planted on red sand terraces.
- *Victoires*: 20 years old vines on sandy loam with clayey veins.

Vintage 2014: Vintage 2014 : a marvelous fall ! Winegrowers don't always complain and can even be very happy! After a cool and humid summer during which we had to fight mildew, a incredible fall, sunny with cool nights, brought the grapes to an exceptional ripeness. Great wines are awaiting in our cellars.

Vinification:

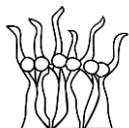

- Alcoholic fermentation in barrels.
- Ageing on lees with regular bâtonnage.
- Ageing in casks during a year. The barrels are then blended in a tank and left for another year.
- Bottling end of 2016
- Cuvée of 7 000 bottles

The barrels are made with oak from the centre of France, in the local region of the domain, the Berry. Some of the wood comes from the forest Bois Rameau, part of the village of Brinay. The cooper is Gauthier frères in Menetou-Salon.

Packaging: 6 x 75 cL box

Keeping: Should be opened within 5 years to enjoy the freshness and fruitiness of Sauvignon blanc. But you can forget it in your cellar for a little longer. Vertical tastings proved that white Loire wines can be kept up to 10 years.

This wine is perfect for spicy food like chicken or scallops curry. To try with smoked fish (eel, salmon) or snails. Also suited for old cheese such as old Salers or Epoisse.
